Re: Peoa Blonde Quarry
M/043/012

Dear Susan,

We respectfully request a Mineral Mine Plan Amendment. As a condition of Summit County's Conditional Use Permit they are requiring an access change thereby we submit the following:

1. Form MR-REV.
2. Surface Map #8 reflecting the additional road.
3. The original mine plan was submitted in April 2000 [4/2000] and then a portion was clarified later in 2000 [2000] as a result there are two different page numbers for the following sections and as such we request that the blue wording be replaced:

Contents of Peoa Mine (Quarry) (there was no page number listed in 4/2000)
Notice of Intention

Notice of Intention to Commence Large Mining Operations dated April 28, 2000.

The total of the five areas to be permitted with Summit County is **11.1** acres:

4.2 ac.	Stone storage and sales yard
3.1 ac.	Commercial storage area
2.2 ac.	Personal storage area
0.5 ac.	Camp area
<u>1.1 ac.</u>	<u>Road access</u>
11.1 ac	Total

VIII. 111.12 – Rule R647-4-112 – Variance (page 20 and 21 [4/2000] and page 6 and 7 [2000])

1. Road reclamation request. The operator acknowledges DOGM's granting of a variance for a 12 foot wide road for accessing the property from the Review dated 15, 1999, page 5.

The operator requests the road variance be increased to 20 feet to provide an adequately wide driveway to access the property for post-mining use. The operator believes a request for a 20-foot wide driveway is reasonable because it will be comparable in width to the width of driveways commonly constructed in the area. This variance is requested under the reclamation standards of Rule R647-4-111.8. The operator wishes to comply with the "condition suitable for continued use" portion of Rule R647-4-111.8.

The operator requests a variance to Rule R647-4-111.8. The request is for an additional access road, which will become the primary access road, as required by Summit County for safety purposes. The surface owner, who is also the operator, plans to use this road as the primary access road post-mining.

Thank you for reviewing this. If you have additional questions or concerns please contact me or my assistant Nicole.
